

4 bedroom Villa for sale in Pinoso, Alicante

575,000€

Pinoso Showstopper — new, stylish and ready to make your neighbours slightly jealous. We are delighted to present a brand-new single-storey luxury villa (finished March 2025) that manages to be both striking and sensible — a sun-soaked masterpiece set on a 10,431 m² plot with panoramic mountain views, just 8 minutes from Pinoso. If you're after jaw-dropping vistas, modern comfort and an outdoor life that rivals any holiday brochure, this is it. Why you'll fall in love (and stay in love):

Contemporary curb appeal: Crisp white façades, matte-black roof tiles and sleek black window frames — minimal fuss, maximum impact. It looks expensive because it is.

Spacious living, drenched in light: An open-plan lounge and dining area framed by large windows so the view does the heavy lifting. Add a wood-burning stove for atmosphere and the occasional dramatic fire-side toast.

Kitchen goals: Designer kitchen with cooking island and unbroken countryside views — excellent for serious cooks, amateur chefs, and anyone who likes to pretend they know what sous-vide means.

Bedrooms that behave: Three double bedrooms, each with a luxurious en-suite (one with a bath for those who insist on soaking away the world). Two bedrooms feature roomy walk-in wardrobes; the third has a smart built-in. Plus an extra room currently used as an office — easily converted into a guest room or snooze nook.

Practical comforts: Air conditioning and heating, electric boiler plus thermal solar boiler (and prepped for panels) — comfortable year-round with an eco-friendly nudge. Utility room for washer/dryer keeps laundry out of sight and out of mind.

Outdoor life — done properly: Private pool: 9.5 x 4 m pool with stylish outdoor shower and WC — perfect for laps, lazing, or claiming the title of "most enviable BBQ host."

Generous plot: 11,736 m² total with 3,000 m² already fenced for privacy, pets and planting ambitions. The remainder offers space to expand, grow, or simply admire.

Panoramic serenity: Uninterrupted mountain views that turn everyday coffee into a cinematic moment.

Practical pluses: New build — move-in ready with high-quality finishes throughout. Single-storey layout — modern, accessible living without the stairs. Energy-conscious setup — prepared for solar panels, thermal solar boiler included. Close to Pinoso — rural tranquility with town conveniences just minutes away. Bottom line: A refined, contemporary villa that balances elegant design, practical luxury and irresistible outdoor living. It's the kind of home
