

3 bedroom Villa for sale in El Raso, Alicante

309,000€

Fantastic modern and high quality villas built to the highest standard in the sought after Guardamar area of alicante,

In 2019, we have started building phase 2 with 42 villas. We have bought the land and received building license. The Company has made an investment with its own resources without depending on banks. This gives us tranquillity and stability. Thats why, the insurance companies and banks gave us guarantees for the payments.

We have improved the distribution of our houses thanks to advise of our clients and collaborators.

Kitchens are bigger, corner closet, optional heated swimming pool. Our clients favorite place is solarium with pergola. This space can be easily converted into a 4th bedroom (completely legal). To make our houses unique, we prepared a wide catalog with options. Some of them are free of charge and other have an additional cost,

in this manner you can make your villa look and feel like you have always wanted your dream home to be.
