

2 bedroom Country House for sale in Gran Alacant, Alicante

349,000€

This corner positioned semi detached property is a rare opportunity to purchase one of the best positioned Vision models with the added bonus of an extra large garden. This modern property is ready to move in and the developers are still building this model in the area so it is like purchasing a new build property without having to wait a year for the property to be finished. Other benefits include being offered for sale 10,000 euros cheaper than the new build price and has the kitchen appliances, air-conditioning and the garden landscaped included..

The Vision model offers a comfortable energy efficient and, bright interior with a built area of over 75m² and includes features such as thermal and acoustic ventilation in the roof and walls, ducted air conditioning throughout and a heat pump hot water system reducing CO₂ emissions and 75% of the water is heated free. The developers design for this villa is flexible allowing distribution to suit the individual and the current owner chose a separate kitchen but this can be easily reverted to make it open plan if you prefer.

This corner position offers plenty of outside space even enough for a private pool to be installed if required. The orientation allows sunshine early right up until 3pm in the winter and 6pm in the summer and is ideal for enjoying your coffee on the terrace, BBQ or relaxing in the sun.
