

2 bedroom Country House for sale in Encebras, Alicante

135,000€

Partially Finished Finca with Building Potential in Pinoso

This partially finished finca is set on a generous plot of approximately 10,000 m² in a peaceful rural location just outside the town of Pinoso. The existing house offers around 70 m² of built space and already provides a solid base for a comfortable countryside retreat.

The property enjoys open views over the surrounding landscape and benefits from a quiet, private setting while still being only a short drive from all amenities in Pinoso, including shops, restaurants and services.

Please note that the existing house cannot be extended. However, the plot does allow for the construction of a new, separate building, subject to local planning regulations, making this an interesting opportunity for those looking to build a new home while retaining the original finca.

Electricity is available, and water connections are nearby, making this property ideal as a renovation project, investment opportunity or future new-build project in a sought-after rural area of Alicante.
