

**2 bedroom Apartment for sale in Pilar de la Horadada, Alicante**  
**165,000€**

Unique opportunity to acquire a fully renovated property (January 2026) in the heart of Torre de la Horadada, located in Plaza Antonio Ángel Lozano, the most central and sought-after area of the town.

The apartment has been completely renovated, including new electrical installation, brand-new plumbing, new walls and flooring, offering a modern, bright home ready to move into.

Originally the property had 3 bedrooms, but the renovation redesigned the layout to create 2 spacious bedrooms and a large living room, providing greater space and comfort.

Being located on the top floor of the building, the apartment enjoys excellent natural light throughout the day and pleasant sea views.

The location is one of its greatest attractions: only 150 metres from Playa del Conde and Playa de los Jesuitas, and surrounded by all amenities including restaurants, bars, pharmacy, shops, the marina and the seafront promenade.

The property also includes a storage room, ideal for bicycles, beach equipment or golf gear.

Thanks to its prime location, full renovation and layout, this property is perfect both as a seaside residence and as an investment for holiday or seasonal rentals, with high demand throughout the year.

A move-in ready property in one of the most desirable areas of the Costa Blanca.
