

Country House for sale in Cabeza del Buey, Badajoz

68,000€

This delightful country house sits in its own 10,000 sq m (approx. 2.5 acres) just half a kilometre from the busy village of Cabeza Del Buey in the easternmost tip of Extremadura, 30 minutes from the bigger towns of Villanueva de la Serena and Don Benito. Close to the famous lakes of Orellana and Zujar, the house currently has 2 bedrooms, a kitchen/sitting room with partly covered front patio and a storeroom. It also has an attached outbuilding which could be incorporated into the living space giving a total of over 150 sq mtrs. Although it seems to be sound, the house is not currently habitable, mains water is connected but no internal plumbing has been done and there is no power connected. It has the potential to become a 3 bedroom house with bathroom and a good sized lounge and kitchen. The land is almost flat and about 400 sq m is a producing vegetable plot with various fruit trees and an abundant well providing irrigation, leaving plenty of room for animals too. This is the ideal property for anyone with the dream of self-sufficiency with far reaching views over the open countryside.
