550.000€

Villa with 4 apartments for sale in Benissa Costa, ideal if you want to generate an income from your home. The villa offers a beautiful panoramic view of the wide surroundings and is only 2 km from the beach of Baladrar. The villa can be reached through 2 separate entrances, one above the house and one below the house. The apartments have a fully equipped kitchen, dining room, lounge and 2 double bedrooms, a family bathroom and a private terrace. Currently the first and second apartment are connected by an internal staircase, but this can be removed again so that there are again 4 separate apartments.
