

3 спальная комната Другие продается в Santa Pola, Alicante
230.000€

Apartments 100 meters from the beach of Santa Pola. This complex consists of three blocks with a total of 95 homes. On floors 1 to 4 there are homes with two and three bedrooms. The houses on the fifth floor have a private solarium with independent access from the house. The garden has landscaped areas with palm trees and other vegetation, all of which are illuminated. A heat pump provides you with hot water, with a water storage tank on the roof. To increase their energy efficiency, the homes have a photovoltaic panel with a microinverter. Each block has two elevators for six people, Each residence has a parking space closest to its block, on the common ground of the complex.
