

4 спальная комната вила продается в Torrevieja, Alicante

390.000€

A rare opportunity to own two complete houses on one plot! If you're looking to own two separate houses, either for rental investment or for extended family with independent living, then this is the property for you! The first property consists of two large lounges, (both of which are bright and airy) a separate fully-fitted kitchen, master bedroom with dressing room and ensuite bathroom, a second bedroom and family bathroom. With aircon. This property is all on one level.

The second property is 2 storeys and consists of a lovely, comfortable lounge with log burner, fabulous independent fully-fitted kitchen and a downstairs bathroom. Upstairs we find a further two double bedrooms with a terrace off the larger bedroom, and a family bathroom. The garden area of the property benefits from a jacuzzi, an outside bar and various places for Alfresco dining, as well as plans for a pool. Being a corner property there are two separate car entrances with room for parking for 4/5 cars in total.

The properties could become one huge house by making a doorway through pantry in the second kitchen.
