

3 спальная комната Деревенский Дом продается в Coin, Málaga
499.000€

This is what living in the countryside is all about! An idyllic spot located close to the Río Grande yet only a few minutes drive from the town of Coin.

The house offers a spacious entrance hall, living area, WC and kitchen all on the ground floor. Upstairs there are 3 bedrooms and 2 bathrooms, (the master bedroom has an en-suite bathroom and a fabulous terrace with views to the mountains).

The living-dining room is a really good size and opens out onto a lovely covered terrace, ideal for outside dining overlooking the lawn. The plot is totally flat and divided into 3 parts: the wonderful lawned garden surrounding the house with swimming pool and barbecue, an olive grove and a flat field, which would be ideal for horses.
