255.000€

This spectacular, fully renovated beachfront penthouse is probably one of the best apartments on the Vera Playa naturist beach on account of its unrivalled beachfront position, three terraces and beautiful finish.

This penthouse in one of the original buildings of Vera Playa built in a privileged position directly on the naturist beach before the rest of the area was developed. Intended as little 'studios' this property however is different to the rest. Not only is it in the prime position of the whole building being situated on the top floor in the corner with the best south-oriented terrace, it has also in recent years been thoroughly modernised and extended into the adjoining property. Now it is a unique, spacious apartment with an entrance hallway radiating into an open-plan living/dining area, an open plan kitchen, a modern shower room and a separate en-suite master bedroom. The principal rooms have stunning sea views from each of their large patio doors, opening onto three separate terraces.

With a lovely open plan lounge/kitchen/diner opening onto both a south and east facing terrace, and one en-suite bedroom with separate east facing terrace and a romantic arch connecting the two this is a very unique top floor apartment where you can enjoy total privacy and spectacular unspoilt beach views!

For a small fee you can use the communal swimming pool, which is located right next to the complex
