330.000€

This magnificent corner penthouse has two spacious bedrooms and two full bathrooms, with stunning panoramic views of the sea, the African coast, Gibraltar and the artificial lagoon with its well-kept gardens. In addition, it has a spacious open-plan living room, with a fully equipped kitchen with quality appliances, as well as access to the spacious terrace. It is a particularly bright home, thanks, above all, to the fact that it is a corner unit and therefore enjoys the sun throughout the day. The property has a storage room and underground parking space in the community garage. The complex is known for having created the first artificial crystal lagoon in Europe, solely for the use and enjoyment of its inhabitants. In addition, it has all kinds of facilities, such as, for example, the two magnificent restaurants it has, of which one is open throughout the year.
