First of all, I love 2 Beds 2 Bath properties as my wife can have her bathroom and drop wet towels wherever she wants without causing me anxiety attacks and, when you have guests, they have their own bathroom but you have to put up with the wet towels and make-up. Just minutes from shops, bars, restaurants, and a short drive to the beaches, it offers both convenience and a peaceful setting. The community is well cared for, with landscaped gardens and a modernised Communal Pool. The property has three floors and is distributed as follows: Ground floor: Upon entering, you are welcomed by a west-facing patio including an external storage room. Here are six of the best reasons people choose to live in Torrevieja, on Spain's Costa Blanca — what makes it special. 1. Fantastic Climate & Health Benefits Torrevieja enjoys over 320 days of sunshine a year, with mild winters and warm summers. The air near the sea and salt lagoons has beneficial qualities: lower humidity, salt in the air, etc., which many people say helps with respiratory, skin, and general wellbeing. 2. Beautiful Beaches & Natural Surroundings There are many lovely beaches (e.g. Playa del Cura, La Mata etc.), natural parks, salt lakes. Great if you like outdoor living: swimming, walking, birdwatching. The salt lakes (lagunas) are iconic; they add to the scenery and also tie into health & leisure. 3. Affordable Cost of Living & Housing Compared to many other coastal or large cities in Spain, and certainly compared to many places in northern Europe, housing (especially outside of the most touristy zones), groceries, dining out, etc., are more reasonably priced. Utilities, day-to-day services, etc., tend to cost less, which makes for a comfortable lifestyle on a moderate budget. 4. Good Healthcare & Infrastructure Torrevieja has solid healthcare provision: modern hospitals
